

ID

Our Summer term topic, *ID*, is a science-based unit that helps children understand classification and inheritance. We will be learning about human identity, genetic characteristics, and family traits, while also reflecting on our own values and beliefs. The topic supports both scientific learning and personal development, celebrating what makes everyone unique.

Language and Communication

Llythrennedd a Chyfathrebu

Our language lessons will be based on our class book 'Bill's New Frock' which is about Bill Simpson who wakes up to find he is a girl and worse, his mother makes him wear a frilly pink dress to school.

The genres we will be covering are:

- Character descriptions
- Non-chronological reports
- Calligrams

Maths and Numeracy

Mathemateg a Rhif

In our mathematic lessons we will be covering:

- Decimals, fractions and percentages-ordering and finding equivalences
- Area, perimeter and volume-area of triangles and parallelograms and finding the volume of a cuboid
- Shape-measure and classify angles, nets of 3D shapes and drawing circles
- Position and direction-translation and reflection in four quadrants

Health and Wellbeing

Iechyd a Lles

We will be discussing:

- Personal values and life skills and how they contribute to our futures and careers
- Salaries of jobs and the importance of budgeting
- Financial inequalities

On week 1, PE will be on a Monday. On week 2, PE will be on a Wednesday. Our PE topics will be athletics and rounders.

Religious Education

Addysg Grefyddol

In our Religious Education lessons, we will:

- Identifying how John uses symbolism in his Gospel and discussing the deeper meanings of his Gospel.
- Reflecting on artistic representations of Scripture and creating our own artwork to represent Scripture
- Be identifying Saints who live as witnesses to the faith and researching a saint.

We will also have daily Celebration of the Word and a weekly Celebration of the Word.

Thematic Work

Gwaith Thematig

In our Topic lessons, we will:

- Devise a classification key or branching database based on simple physical features for the class.
- Take part in physical challenges, such as long jump, high jump, sprints, distance throwing and long-distance endurance tests, to compare physical skills and strengths.
- Take their fingerprints using ink or by lifting their latent prints.
- Create an avatar using software.

What can you do to help me at home?

- Read a few pages of my book each night and write in my reading record
- Go on TT Rockstars (log in is on seesaw)
- Discuss my family tree and look at photographs to identify similarities and differences between family members.
